IMPORTANT NOTICE ABOUT THE EMERGENCY UNEMPLOYMENT COMPENSATION (EUC)

Emergency Unemployment (EUC) Claimants:

Effective March 1, 2013 President Obama signed a cost reduction order in compliance with the Budget Control Act of 2011 (Public Law 112-25). This public law requires across-the-board budget reductions to many federal programs including the Emergency Unemployment Compensation (EUC) Program. These reductions are generally known as "sequestration".

This means that EUC payments made as of June 2, 2013, must be reduced by 16.8% for each week of unemployment through September 30, 2013.

Everyone claiming these benefits will receive a Monetary Determination revised with the new EUC weekly benefit.
